- Intuitive mobile remote control app(Android™/iOS) for convenient control of the projector's functions and features
- 7 exciting colors including: black, white, light blue, red, orange, gold, charcoal gray

The Qumi Q6 is a feature-rich multimedia pocket projector. Weighing in at just 475 grams and with a super-thin 34mm profile, business travellers and home entertainment enthusiast will find the LED HD Q6 to be the ideal portable companion. With WXGA resolution, 800 ANSI lumens of brightness and a 30,000:1 contrast ratio the Q6 projects a bright image of up to 90" (diagonal) in size. Packed full of advanced display features, the Q6 can project from a variety of devices including digital cameras, laptops, smart phones, tablets, USB flash drives and directly from it's 2.5 GB (user accessible) on-board memory. The projector is ready with MHL, Wifi and incorporates an embedded media and document viewer for PC-less playback of documents, photos, videos and audio files. TheWi-Fi connection enables wireless content sharing from Android and iOS devices. Vivitek offers a free remote control app, available for Android and iOS, to convert any smart phone and tablet into a Qumi remote and control the full spectrum of the OSD menu (display mode, brightness, contrast, volume, input sources selection).
